

YOS Parent/Family Association

The YOS Parent Association is comprised of family members of residents currently in the YOS facility. We are a non-profit organization with no direct affiliation with the Colorado Department of Corrections. We are self-supported, meaning we do fundraising in order to acquire fund for events and activities for the young men and woman at YOS.

The Parent Association sponsors the annual summer parent picnic and communicates with parents and family's members, as well as holds periodic meetings with the YOS Warden and administrative staff. When funds are available, we sponsor and provide pizza and treats for the residents on New Year's Day, as well as candy and gifts for residents at Christmas and other holidays.

The Parents Association is also an extensive family support network. We are available for guidance to the new parents and families and can answer questions about visiting process, dress code, or explain the peer levels. We understand and lend a listening ear. Through our communications we plan events, discuss fundraising efforts, and offer support.

Please complete the bottom portion. You can return this form by email, or contact one of our representatives for a mailing address:
